Damage Waiver

Sammy's Disposal is not responsible for any damage to lawns, driveways, pavement, private roads, sidewalks, curbs, underground plumbing, wells, septic systems, sprinkler systems, or utilities. It is your responsibility to make Sammy's Disposal aware of any surface conditions or underground utilities which might be affected by delivery of a container or pick ups. You assume responsibility for damage that may occur due to the size and weight of the vehicle and the size and weight of the container. Sammy's Disposal shall only be liable for damages to the extent that such damages were caused by Sammy's Disposal gross negligence or willful misconduct. Your payment method will be saved on file for any additional fees that may occur.

Dumpster Guide

- Do not overflow dumpster. All waste must be below the top. If the dumpster is filled past the maximum load line or over the brim of the dumpster, we will not be able to remove the dumpster and you will be charged a \$125 rescheduling fee for pickup. The overage will need to be offloaded to match the maximum fill line or below within 24 hours for a rescheduled pickup.
- Weight limit is 2.5 tons for a 10 yd dumpster, 4 tons for a 20 yd dumpster, 5.5 tons for a 30 yd dumpster, and 7 tons for a 40 yd dumpster. If there is any overage, you will be charged \$40 per ton.
- Do not relocate the dumpster; additional fees may apply for damages.
